Fairy Walk tips:

- You're looking for a door the size of a popsicle stick or smaller.
- The doors do not open to humans
- Please be careful as fairy doorknobs are fragile and will come off if you pull too hard
- If you see a damaged door please let the library know
- If you have trouble finding a door, Miss Renee can give you hints or a tour.
- You may find more doors than are in this brochure to find out about those fairies visit our kids webpage.

MEET THE FAIRIES

Door #312 - It is not unlikely to hear the sound of thumping followed by periods of silence behind this door. As an animal fairy who specializes in rabbits, Pinna is always practicing her thumping skills. You may also find her in front of the mirror twitching her nose. The language of rabbits is very complex and Pinna wants her furry friends to always be able to understand her.

Door #4 - Avery runs this area's fairy flight school. When she's not in class teaching new fairies to fly, she's out learning new techniques from the birds, butterflies, bats, bees, dragonflies well anything that flies. Her most favorite thing is learning how to swoop and do loop de loops from the goldfinches and the hummingbirds are teaching her to fly backwards!

Door #98 - Prose is a teller of stories. She spends much of her day visiting friends of all kinds collecting tales and experiences that she can later turn into a story to share with the fairies. She even visits the mice families, to learn a few tips and tricks, because mice are the best storytellers! Every week, Prose shares her stories at the fairy festival.

Door #20B - Did you know fairies like to read? They do! Anything on gardens, animals or the natural world and they love to laugh over human children's picture books. But every library needs a librarian and the fairies have Paige. She loves to help fairies find books and she loves to read them to the fairy children.

Door #9 - Luna loves the night. The stars that sparkle and the fireflies are so twinkly and fun. Luna spends most of her time staring up at the stars and moon and designing wonderful dreams. If you find her door just remember to be quiet. If it's daytime, Luna is likely to be sleeping inside.

Door #5 - Behind this door lives a very tidy garden fairy. Lupine likes to have his garden just so. No weeds and definitely no litter. There is a riot of color: bluebells, yellow dandelions, violets and more. He's been very excited to see more gardens popping up around his door. He's been spending a lot of time keeping them watered and looking forward to the riot of colored blooms and fruits he'll get this summer.

Door #150 - Behind this door is a wonder of invention. Plants of all kinds grown in acorn pots, little bowls, wooden spoons, vials and tubes made from plants and roots. You have found Merlin's lab. Here he makes medicines, lotions and so much more. Have an upset stomach or a mouse with a cut, then visit Merlin the herbalist and he'll fix you right up!

Door #45 - Dash is a bright, playful and cheeky fairy, but you have to be when you're a squirrel sitter. Dash just loves playing hide and seek, pass the acorn, and way up high with all his little friends. So if you happen to see a squirrel scampering around the library grounds, keep an eye out for mischievous little Dash riding along.

Door #88 - Zephyr, like her name, is always off in the wind somewhere exciting, scattering seeds as she goes. As a seed fairy it's her job to make sure seeds get to their forever homes. Everyday is a different seed taken to a different perfect place. But when Zephyr is home she likes to spend time with her friends and share stories from her travels.
